ABOUT VUMETRIC

Vumetric is a leading cybersecurity company dedicated to providing comprehensive penetration testing services. We pride ourselves on delivering consistent, high-quality services backed by our ISO 9001 certified processes and the most recognized industry standards. Our world-class cybersecurity services are trusted by clients of all sizes, from Fortune 1000 companies to startups and government organizations.

Why Partner with Vumetric?

Here are some key differentiators that set Vumetric apart from the competition:

- **Certified Professionals**
  Our team of experienced and certified in-house ethical hackers hold the most recognized industry certifications including OSCP, OSCE, OSWE, GWAPT, GPEN, OSEP, CISA, CISSP and more.

- **Actionable Results**
  We deliver accurate, documented results and actionable recommendations. Our professional reports are suitable for both executive and technical stakeholders.

- **Industry Standards**
  Our penetration testing services are designed to help clients meet regulatory requirements, including SOC 2, ISO 27001, HIPAA, PCI DSS, and more.

- **Proven Methodologies**
  Our in-house team of ethical hackers provides advanced manual penetration testing using proven testing methodologies such as OWASP, OSSTMM, CREST and others,

- **Consistent Processes**
  Our company culture is firmly rooted in structured and efficient ISO 9001 certified processes. From project management workflows to penetration testing playbooks, we have formalized quality assurance and oversight to consistently deliver high quality results.

- **Experience & Reputation**
  Having completed thousands of client engagements across multiple industries, we're positioned as one of the most reputable cybersecurity assessment firms in the industry.
